

Thank You, Hashem!

In all of these בְּרָכוֹת we are thanking and praising ה' in different ways for the wonderful world in which we live and the many blessings that ה' has given us in our daily lives.

Every time we are going to eat or drink something we have a chance to thank Hashem for blessing us with that food or drink. Then, when we say the בְּרָכָה, we bring ourselves a little bit closer to ה', which makes us even more eager to say בְּרָכוֹת in the future!
